The police or sheriff's office have been unable so far to apprehend the thief.

STATE FIRE LOSS SMALL LAST MONTH

C. C. Hammonds, State Marshal, Reports Few Incendiary Blazes; Total Damage \$100,000.

Special to The World.

OKLAHOMA CITY, Nov. 5.—With a total fire loss in the state of about \$100,000 it was much less for the month of October than for the preceding month, eliminating the half million dollar loss in the Ardmore disaster during September. The fire loss was much more than for October, the report of Fire Marshal C. C. Hammonds for October shows a remarkably few incendiary fires, and indicates that the efforts of the fire marshals' office, aided by the officers of the fire departments in their discharging of their duties, was successful in preventing many fires.

Everyone Armed.

It is said that practically every resident of the section between Tulsa and Muskogee is armed with a revolver or some sort of other weapon, and that a man who is not armed is looked upon as a man who is not a citizen.

ARMY'S PART IN DEFENSE TOLD BY SECRETARY

Increase Standing Army to 141,843 With Short Enlistment Term.

400,000 CITIZENS WILL BE TRAINED

Plan Contemplates Training for Two Months Each Year of Young Men.

WASHINGTON, Nov. 5.—An outline of the army's part in the national defense program to be submitted to congress in December by the administration was made public tonight by Secretary Garrison disclosing officially for the first time details of the plan to raise a great continental or citizen army to supplement the regular establishment.

In brief, it is proposed to increase the regular army from 105,000 to 141,843 officers and men, reorganizing the term of enlistment from four years with the colors and three years on furlough to two years with the colors and four years on furlough, to organize a federal citizen army of 400,000 to be enlisted 133,000 a year for three years, to strengthen the state militia by increased appropriations and closer cooperation and to spend \$10,000,000 a year for four years on national defense and \$25,000,000 a year for four years in the accumulation of reserve material for use by a force of 200,000 men.

Employers Should Help.

The statement reveals that in the preparation of their plans, war department officials have called on consultation specialists in various lines of private industry.

"It has been proposed," it says, "to make available in time of need the services of those in certain kinds of employment requiring special knowledge and skill, such as railroad men, bridge builders, engineers of all descriptions, etc., and leaving men in these lines and professions have been called on to make suggestions for legislation or administrative action, an acceptable and useful plan with respect thereto."

STORY TOLD BY FAY IS NOT BELIEVED

Federal Authorities Consider His Statements Unreliable.

NEW YORK, Nov. 5.—At least \$500,000 has been expended in carrying out alleged German plans in this country in an effort to prevent war munitions from reaching the allies, according to a statement made today by one of the officials investigating the case of Robert Fay, who claimed to be a German army lieutenant, and five alleged accomplices.

Fay and Scholtz, his brother-in-law, were closely scrutinized today by a secret of munitions from the Brooklyn navy yard. He was on duty, it was said, when an infernal machine was attached to the rubber pad of the battleship Texas some time ago.

This story that an infernal machine was attached to the battleship when it was in the navy yard was at the time officially denied. But the presence of the machine at the courthouse today revived the report.

The sergeant of munitions tonight with him a small square black which, it was said, was the infernal machine alleged to have been attached to the Texas.
